The focus of this event is to promote careers and safety in the trades, in which today's youth will be able to explore a wide range of options for a career in all trade industries. It will be a unique opportunity for your students to participate in this local event, which will provide information from Employers, Educational Institutions and Association regarding careers.

Feedback from Teachers, Exhibitors and Students indicated this to be a very worthwhile event for your students to take part in and we would like to anticipate the same support for the 10th Annual Try-A-Trade Career Expo.
